Beschreibung

LIKE NEW

This exceptionally well-equipped X4.0 is X-Yachts' own demonstration yacht ? built to highlight the very best of the X4.0 model at in-house events, floating boat shows, sea trials, and demonstrations.

Meticulously maintained by X-Yachts, this yacht is presented in as-new condition and represents a unique opportunity to acquire an X4.0 that has been cared for by the shipyard from day one.

The yacht was launched for the first time in March 2025.

The yacht can be viewed at the X-Yachts showroom at our yard in Haderslev.
